

01 MAY 2024

The culmination of our discoveries from around the world, The Road is a testament the people and places that inspire us. With their eco-conscious focus and showcasing classic styles (with some playful twists along the way!), the winemakers we represent make us think, start important conversations, and are redefining the culture of fine wine around the globe.

In this light, we wholly and unreservedly support the incredible efforts made by our vigneron and winegrowing partners, whose work is largely dedicated to the protection and preservation of environment while producing world-class wines.

Welcome to the journey.

#### ACKNOWLEDGEMENT

We acknowledge that by importing wine to what we call Ontario, we are working on Aboriginal land that has been inhabited by Indigenous peoples from the beginning. We are grateful for the opportunity to work here, and we thank the generations of people who have taken care of this land for thousands of years before us.

Since we are centralized in Toronto, we wish to specifically acknowledge the Ancestral Traditional Territories of the Ojibway, the Anishnabe and, in particular, the Mississaugas of the New Credit, whose territory we conduct business on today. This territory is covered by the Upper Canada Treaties.
